## EDNA GOODRICH QUIT THE STAGE

Nat Goodwin's Ex-Wife Wins  
 Fortune at Monte Carlo,  
 and Will Live in Paris

[By Latest Mail]

PARIS. — Edna Goodrich, former wife of Nat Goodwin, has definitely decided to quit the stage and live with her mother in Paris, where she has taken a handsome apartment.

Miss Goodrich has just returned from Monte Carlo, where she had a great social triumph. Her triumph was crowned the other day when she won \$40,000 at the Casino.

She returns to Paris enraptured with European life and determined to make her home here. She contemplates entertaining on an extensive scale.

"I have shaken the dust of America from my feet," she declared to a friend. "The theater no longer attracts me."

## MESSINGER BOY LAUGHS; JUDGE HAS LAST ONE

[By Latest Mail]

STOCKTON, Cal. — William King, a messenger boy, attended the police court in search of amusement. It had been almost a daily habit for him to attend the morning sessions and laugh at the expressions on the inebriated faces as their sentences were meted out by the stern judge.

This morning the prisoners' dock was crowded with red-faced, disheveled drunks, and King laughed as he never laughed before.

One of the offenders grew witty, which threw King into a convulsion of laughter, causing him to stoop over and expose a revolver concealed in his pocket. He was promptly arrested, a concealed weapon was sent to jail for 30 days.

## Skin Sufferers—Read!

We want all skin sufferers who have suffered for many years the tortures of disease and who have sought medical aid in vain, to read this.

We, as old established druggists of this community, wish to recommend to you a product that has given many relief and may mean the end of your agony. The product is a mild, simple wash, not a patent medicine concocted of various worthless drugs, but a scientific compound made of well known antiseptic ingredients. It is made in the D.D.D. Laboratories of Chicago and is called the D.D.D. Prescription for Eczema.

This is a doctor's special prescription—one that has effected many wonderful cures.

The effect of D. D. D. is to soothe instantly, as soon as applied; then it penetrates the pores, destroys and throws off all disease germs and leaves the skin clean and healthy.

We are so confident of the marvelous power of D. D. D. that we have taken advantage of the manufacturers' guarantee, to offer you a full-size bottle on trial. You are to judge the merits of the remedy in your own particular case. If it doesn't help you, it costs you nothing.

D. D. D. Soap is made of the same healing ingredients. Ask us about it.

## SHINGLE HOME, WELL PLEASED WITH JOURNEY

(Continued from page one)

ternal revenue office, postoffice, court room, chambers for the two district judges, quarters for the several officers of the federal court and headquarters for the army and navy.

"Assistant Secretary of the Treasury Newton, who has direct charge of the Honolulu site and building, made the statement that the building must be large enough to accommodate all increased federal business in this territory ten years hence.

"The treasury department readily acceded to my request that, in the event of the abandonment of the Mahuku site, it would recommend to congress that the secretary of the treasury be given authority to quitclaim back to the original owners this property upon refunding the amount paid by the government and conditioned also upon the property owners refunding to the street contributors the amount expended for the opening of Bishop street from King to Merchant.

"In order to gain time, awaiting Mr. Roberts' report, Mr. Newton had a bill prepared providing for the quitclaiming of the property upon the conditions above cited and making available the various appropriations made from time to time for the Honolulu federal building and grounds, amounting to \$1,325,000.00 inclusive of the amount paid by the government for the Mahuku property. The bill was introduced in both branches of congress and a hearing given on it by the house committee on public buildings and grounds. Former Governor Fear, Mr. Dosh, secretary to the delegate, and myself were invited to appear before the committee and all urged that the secretary be given a free hand in the premises.

"It is the desire of the supervising architect, Mr. Winderom, and his assistant, Mr. Wetmore, to erect a building in Honolulu in keeping with the dignity of the United States. The style of the building will be that of the new Washington (D. C.) postoffice building now in the course of construction. This building is a magnificent edifice on the site of the Pennsylvania depot as you enter the city. As I understand it, the building must occupy a whole square having four public streets and is to be built right up to the sidewalk. There will be an interior court. There will be wide balconies or lanais facing this court and extending around the entire interior of the building connecting all departments.

Self-confessed saints require more watching than self-confessed sinners. Judging by what some girls face the person with they must hate to work for a living.

## SYLVESTER ON STAND IN OWN BEHALF TODAY

This morning in the federal court the Sylvester case was continued and the male defendant was cross-examined by Attorney McCann. Sylvester acknowledged signing an affidavit some months ago, but declared that there were some things in it that were not true.

There was much argument over the admission of this affidavit, or portions of it, and not much headway was made on the case proper.

It is thought that the case is drawing to a close and that tomorrow or the next day will see the end. The jury that is sitting on the case consists of the following citizens: George R. Humphreys, Seely I. Shaw, R. W. Atkinson, Charles P. Osborne, Alonzo Gartley, James Kennedy, George T. Kluegel, H. Akona, William M. Graham, Jacob Lando, B. Tarpley and Harold K. Castle.

Automobile No. 1658, driven by J. W. Caldwell, superintendent of public works, proceeding down King near the corner of Alakea street on Saturday evening, collided with taxicab No. 1539, the latter machine receiving slight damage. Drivers and passengers in both cars escaped injuries.

M. L. Flood and R. L. Jenkins, alleged to have deserted from the United States army were yesterday turned over to the military authorities. The men were apprehended as they were about to leave the islands as sailors in the American ship John Bna. The arrest was made near Eastner station.

In the absence of positive proof from the Washington War department that M. L. Flood and R. L. Jenkins, held in detention by the local police, were deserters from the United States army, the men have been released and may return to work in the pineapple fields from which employment they were taken when apprehended by the officers. It had been charged that the men had deserted from the army organizations stationed at Fort Howard near Baltimore. This they positively denied, Jenkins claiming that he had never enlisted in the army. The men arrived here as sailors in the ship John Bna.

As there are no cases ready for argument in the supreme court, the court did not sit this morning.

Nothing in the home-furnishings emphasizes one's good taste and judgment as does the CHINA, BRICA-BRAC and POTTERY that is displayed.

The factories of the world gift our markets with thousands of articles that come under the general characterization of brica-brac and art pottery. Some are meritorious, others not—many of splendid values.

We are specialists in this business. It has our whole attention. We are experts. That's why you find the choicest things at E. O. Hall & Son. You do not risk your reputation for good taste here, no matter what you select.
